Dear Representative _____:

I am writing you in regards to the unfair Social Security practices that impact me and my fellow educators here in Kentucky.

I would like to thank you for supporting legislation to repeal the Government Pension Offset and Windfall Elimination Provision. These offsets unfairly cut retirement benefits of public employees who dedicated their lives to serving their communities, their students and their county. And, GPO/WEP discourages talented people from becoming educators.

Please urge your fellow representatives and leaders in Congress to move this legislation immediately. If Congress does not act soon, we will not be able to attract and retain the quality teaching force necessary to ensure that every child in Kentucky has a great public school to attend.

Again, thank you for your support and time on this issue.

Sincerely,
