Dear Member,

The Election is Over...

Election Day has come and gone. Now we must shift our attention to the future. We must come together as a state of public school employees focused on what's best for our students. We must develop relationships with all of our new elected officials and collaborate on what's best for the students and public schools of Kentucky.

**STRONGER TOGETHER, FORWARD TOGETHER!**

## NEA asks members to take survey on Professional Learning

NEA is assisting Learning Forward and Corwin to survey educators about their experiences with professional learning. We want to know how professional learning impacts our members' teaching and their students' learning. We want to ensure that NEA members have the opportunity to take the survey so that we may report on the status of professional development for most teachers. Many of the survey's questions come directly from Learning Forward's Standards Assessment Inventory (SAI), which assesses the quality of a school district's professional learning.

Please share widely with other members, your Association leaders and your professional issues committees. Please promote the survey through your website and other social media channels. The survey will be open through November 15. To take the survey click [here](#).

## BCTQ seeks HS Algebra Teachers for Research

The Bluegrass Center for Teacher Quality is seeking High School Algebra Teachers from Kentucky to participate in a semester long study on the effectiveness of online peer observation. Study participants will receive a one year subscription to ImproveClass, an online peer observation network.

Interested individuals should contact Dr. Matthew Courtney at [mcourtney@bgteacherquality.org](mailto:mcourtney@bgteacherquality.org)

## Dates to Remember:
